Subject: Proposed Title V Facility Permit Revision

Dear Mr. Rios:

The University of Southern California (ID #800265) has proposed to revise their Title V facility permit by installing an emergency internal combustion engine under A/N 502677. This proposed revision is considered a “de minimis significant permit revision” to their Title V Facility Permit. The draft Title V permit for the proposed revision is being sent electronically for your review. With your receipt of this proposed Title V permit, we will note that the EPA 45-day review period has begun.

If you have any questions or wish to provide comments regarding these changes, please call the processing engineer, Ms. Maria Vibal at (909) 396-2422 or mvibal@aqmd.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'MD Mills for', is written over the typed name.
